Our services

We are a full service company that provides design and supply for the refurbishment, decoration and refit of yachts interiors.

Our intention is to work closely with Crews and Owners in the research and supply of luxury goods for yacht interiors.

We will provide you with a full support and dedication, along with custom proposals, tailored on your specific needs.

Now we proceed

STEP 1

Our approach starts with an initial meeting/phone call where we will discuss your requirements in terms of timing, budget and style.

STEP 2

We will proceed with the realization of a tailor made proposal that consists in a selection of items from our best suppliers, respecting your wishes.

STEP 3

After the moodboard, we will proceed with a coordination between chosen items and all additional accessories.

STEP 4

If requested, we will be happy to organize for you a sample display, in order for you to review your selection before placing the order.

STEP 5

Just when you are 100% satisfied with your choices, you can proceed with placing the order and simply wait for your delivery. We will monitor and assist you all the way.
